

BLISLAND NEIGHBOURHOOD PLAN

WHERE ARE WE NOW?

Blisland Parish Council is holding an update meeting on the current progress of the Blisland Neighbourhood Development Plan.

To progress the plan, the Parish Council will need to involve sufficient and committed residents who are prepared to get involved and share their skills and expertise.

There are considerable advantages to a community having a neighbourhood plan and it will give Blisland the opportunity to say what type of development it wants and where it should be sited.

If you are interested in contributing to the neighbourhood plan and would like to find out more, please come along to the meeting on

THURSDAY 28th SEPTEMBER

7pm

Village Institute
