Forthcoming roadworks near you

Highways England
Ash House
Falcon Road
Sowton Ind. Est.
Exeter
EX2 7LB

19 December 2018

Dear Sir/Madam

A30 Pine removal works in your area

Highways England operates, maintains and improves England's motorways and major A roads. I am writing to let you know we will shortly be carrying out pine removal works in your area.

The works

A number of pines have been identified along the A30 and A38 which need to be removed for safety reasons. Pines tend to be shallow rooted and are prone to toppling in high winds. We are carrying out a programme of works along a 45 mile stretch of carriageway along the A30, ahead of the summer holiday season while traffic flows are at their lowest. We envisage we will be present on each plot for a maximum of 2 shifts. We will endeavour to complete all noisy works before 11pm and would like to apologise in advance for any inconvenience which may be caused.

Dates:

7 January to 29 March 2019

Traffic management

All works will be carried out under lane closure where possible, however some short term locally signed diversions may be needed.

Please note we always aim to work to the programme, however **unforeseen circumstances and adverse weather conditions may mean changes to it**. We will always aim to notify you of any major changes within the programme and advance roadside warning signs will be updated with the latest information, please monitor www.trafficengland.com to keep up to date.

If you have any queries or comments about the work, or would like further information please contact Highways England Customer Contact Centre on **0300 123 5000** or by email: **info@highwaysengland.co.uk**

Yours faithfully,

Andrea McAllister
Stakeholder Manager, Highways England
