A brief summary was given by DF of progress so far. DF has developed a questionnaire with amendments suggested by CRCC. This meeting is to discuss and finalise the questionnaire.

DF pointed out that out of 200 houses required for local parishes by the draft Cornwall Local Plan, 140 already have planning approved.

How complicated do we want the plan? The design element is a popular element but the Community Energy Plan now seems to be an unpopular idea.

The idea of the questionnaire is to reach people who did not attend the consultation event and to build on information we already have.

Neighbourhood Plan Questionnaire

The meeting then discussed the questionnaire question by question and appendix A is the result to go to BPC for approval. DF to complete the amendments for this with the intention for it to go out to parishioners later this year.
