1 Neighbourhood Plan Consultation event

DF opened the meeting which is primarily to collate information following the consultation in the Village Hall on Saturday 13 June.

Our consultants from CRCC (who have been to a lot of these in the last couple of years) were very impressed by both what we had laid on and more importantly by the good level of community engagement we achieved. 90+ people exchanged their details for dots to put on the maps highlighting where they thought future developments should be.

Attached are Appendixes A (summary of where the parishioners would like to see development or not) B (summary of type of design of buildings) C (what other themes should be in the Neighbourhood Development plan) and D (what type of housing would parishioners like to see built).

SW

This gives us our evidence which we now need to build on to form the Development Plan.

2 Action Plan

SM has provided us with an Action Plan template which now needs to be completed. Tasks are as follows:-

- DF to contact CRCC with regard to completing a questionnaire based on evidence collected to date. Questionnaire to go out in September 2015
- Contact parishioners who left their e-mail address, SW has started an Excel spreadsheet with this information, DF to complete.
- To discuss with CRCC regarding site visits based on evidence collected
- DF has received an invoice from CRCC for the full amount allocated.
