

Blisland Neighbourhood Development Plan

A small group of volunteers are now busy conducting surveys of the landscape in Blisland Parish. The aim is to produce a document known as a Local Landscape Character Assessment. By identifying and describing the special features in our landscape which make our Parish distinctive and give us such an amazingly beautiful place to live, we will have a good foundation to help ensure future development respects the quality of landscape that we all value.

If you would like to get involved, please contact clerk@blislandparishcouncil.co.uk. Further information is available on our webpage www.blislandparishcouncil.co.uk/blisland-neighbourhood-development-plan. Karen Dickin
