BLISLAND PARISH **NEIGHBOURHOOD DEVELOPMENT PLAN PROGRESS REPORT**

This is to update you that several key strands of the plan are now near to completion with policies relating to the Parish's Heritage and to our Services & Infrastructure fully drafted. The important section on the Parish's housing requirements to 2030 and beyond is now in its middle draft stage.

Further policies relating to Landscape and the Environment are about to be written, having been informed by a Parish wide Landscape Character Assessment; the completed version of this is just about to be referred to Cornwall Council's Landscape Architect, who was extremely helpful in guiding the Steering Group on how to conduct this considerable piece of work.

It was our original intention to hold a public consultation meeting on the draft plan over the weekend of the 4th and 5th of July. Unfortunately, we shall now have to see how things pan out in terms of the Coronavirus outbreak as regards the timeframe for this. If that timeframe is not possible, we will try to achieve this as soon as we reasonably can.

All of the policies in the plan have to be supported and justified by evidence and you can see the evidence we have gathered to achieve this if you click on the button immediately below:

Neighbourhood Development Plan Supporting Evidence

The Steering Group is continuing to meet regularly using the wonders of modern technology so that the current terrible difficulties do not interrupt what we now hope is the smooth progress towards completing the draft plan by the end of the Year.

We are always pleased to answer any questions that you may have, and you can contact us through the following email address.
