

## **BLISLAND PARISH**

### **NEIGHBOURHOOD DEVELOPMENT PLAN PROGRESS REPORT 8**

Unfortunately, due to the Coronavirus restrictions, we have had to postpone the public consultation meeting on the draft Neighbourhood Development Plan which had originally been planned for the 4<sup>th</sup> July. We will reschedule it as soon as feasible.

In the meantime, the Steering Group is continuing to make progress on the draft plan, and we are looking forward to the opportunity to get further feedback from Parishioners at a rearranged meeting later in the year. This is a community led plan, so we really do want everyone's views to be represented.

As a reminder, the local policies we develop for our Neighbourhood Development Plan will become an important part of the legal planning framework and will need to be taken into account by decision makers at all levels of the planning process.

There are a few issues which have come up through the survey last year and in subsequent discussions which are not "planning" matters and therefore beyond the scope of an NDP. These include things like the maintenance of trees and benches on the Village Green, parking issues and footpath maintenance. They are however extremely important to the Parish and will be taken forward in a separate Parish Action Plan.

You can see the evidence we have gathered for the NDP and previous communications on the link below:
